FUNERAL MISCONCEPTIONS

Many people today don't understand why we have funerals. Anything we don't understand we tend to be skeptical of, even fearful of. Here are some of the most common misconceptions about funerals.

- Funerals are too expensive. The social and emotional benefits of personalized funerals far outweigh their financial costs. Besides, a funeral doesn't have to be lavishly expensive to be meaningful.
- Funerals make us too sad. When someone we love dies, we need to be sad. Funerals provide us with a safe supportive place in which to embrace our pain.
- Funerals are barbaric. On the contrary, meaningful funeral ceremonies are civilized, socially binding rituals. Some people think that viewing the body is barbaric. Cultural differences aside, viewing has many benefits for survivors.
- Funerals are inconvenient. Taking a few hours out of your week to demonstrate your love for the person who died and your support for survivors is a privilege, not an inconvenience.
- Funerals and cremations are mutually exclusive. A funeral (with or without the body present) may be held prior to cremation. Embalmed bodies are often cremated.
- Funerals require body to be embalmed. Not necessarily. Depending on local regulations, funerals held shortly after the death may require no special means of preservation.
- Funerals are only for religious people. Not true. Non-religious ceremonies do not have to be held in a church or officiated by a clergy person and can still help mourners begin to heal.
- Funerals are meaningless. They don't have to be. With forethought and planning, funerals can and should be personalized rituals reflecting the uniqueness of the grieving family.
- Funerals should reflect what the person who died wanted. Yes and no... While pre-planning your funeral may help you reconcile yourself to your own mortality, funerals are primarily for the benefit of the living.
- Funerals are only for grown-ups. Anyone old enough to love is old enough to mourn. Children, too, have the right and the privilege to attend funerals.

Making Arrangements

The first step is to decide what arrangements would best meet the needs of your family and loved ones.

The funeral proceedings decided upon will reflect the personal wishes of you and your loved ones.

There are many options to consider:

Burial Options

- Complete Service with viewing and then burial (1-day or 2-day)
- Graveside Service
- Immediate or Direct Burial without visitation
- Green Burial

What is Cremation?

Cremation is the reduction of the body to ashes by intense heat. The ashes are referred to as cremains and cremation is considered a method of final disposition, just as burial is considered a method of final disposition. The term final disposition means the method of removing or disposing of the body.

Kentucky Cremation Law

Kentucky cremation law does require the authorization and signature of the county coroner before the cremation can take place. The body must be positively identified, and the next of kin to the deceased must sign an authorization for cremation to take place.

Please refer to our Cremation Options Guide (pages 12-17) for several packages that are designed for cremation services, or ask your funeral director for suggestions if you cannot find something to suit your wishes. Your funeral director is very capable of assisting you in these matters.

- Traditional Service with viewing and then cremation
- Celebration of Life (Visitation or Gathering)
- Memorial Visitation/Service without the cremains present
- Memorial Visitation/Service with the cremains present
- Basic Cremation with no further services

Creating Meaningful Ceremonies

A funeral service should be as unique as the person it is honoring.

Look for creative ways to personalize the service to represent

and celebrate the life lived.

- Spend private time with family prior to visitation or funeral
- Have a post-funeral reception
- Select scripture readings that reflect the life of your loved one
- Include photo, scripture verse, poem in memorial folders
- Use a memory table to display hobby items or other memorabilia
- Have memory sheets available for family and friends to write special memories of the deceased
- Have family or friends read special poems, scriptures, other readings
- Incorporate music (CDs, piano, organ, bagpipes, guitar, harp or other instruments or vocalist) into visitation and/or funeral
- Give away a favor of remembrance, candy, hobby etc, at the service
- Consider a Memorial Tribute Video
- Consider a Life Story Booklet
- Use symbolism by lighting a candle, planting a tree, or planting flowers
- Flowers can be used to represent individual grandchildren or children
- Give flowers from the casket spray to friends and family as a memento
- Give personalized candles to family members or display at visitation
- Get a Thumbie (a custom charm made from your loved one's thumb print)
- Incorporate a balloon or dove release
- Include a customized lid panel
- Place special objects in the casket
- Hold the visitation and/or service in a home or any indoor or outdoor facility (such as the deceased's favorite place, homestead or significant landmark)

"A funeral is not a day in a lifetime; it is a lifetime in a day."

The goods and services that follow are those we provide to our customers. You choose the items you desire; however, any funeral arrangements you select will include a charge for our Basic Services, detailed below.

Once your selections have been made, you will receive a statement that details the funeral goods and services selected. Other charges may be incurred to meet legal or other requirements and will also be listed and explained on the statement.

BASIC SERVICES OF FUNERAL DIRECTOR AND STAFF

\$3,360

This fee for our basic services and overhead will be added to the total cost of the funeral arrangements you select. Our fee for the services of funeral director and staff includes, but is not limited to: staff to respond to initial request for service, arrangement conference with family or responsible party, arrangement of funeral, preparation and filing of necessary authorizations and permits, recording vital statistics, staff assistance prior to, during, and following the funeral, including coordination with those providing other portions of the funeral, e.g. cemetery, crematory, and others. Also included in this charge of overhead expenses relative to our facility are insurance, maintenance and utility expenses, secretarial and administrative costs, equipment and inventory expenses.

If you do not want embalming, you usually have the right to choose an arrangement that does not require you to pay for it, such as direct cremation or immediate burial. (We require at least minimal preservation of the body if it is to remain in our establishment for more than 24 hours following death for the safety and consideration of our resident staff.)

Payment Options

We realize the expense of a funeral for a loved one is often unexpected and unplanned. Therefore, we offer several choices for your consideration in meeting these unanticipated expenses. Unfortunately, funds held in estate, on deposit in banks, credit unions, savings associations or the like often take weeks, sometimes years to access. Due to the nature of these situations, we cannot wait for payments from estates and the aforementioned. We will be happy to direct you in finding sources from a local bank if the below options do not match your situation.

The following methods of payment are available to you. We want to discuss them with you now so you may

choose the one that fits your individual needs. Please check the option below that you wish to choose.

I wish to pay with a personal check or with cash prior to the funeral service.

I wish to pay using my VISA, MasterCard, or Discover card at the time when arrangements are made *A 2% processing fee will be charged for all credit card transactions

I wish to assign death benefits from an assignable, in-force life insurance policy and incur a 5% fee from C&J Financial, LLC to do so. We will ask the beneficiary or beneficiaries to sign an assignment form and a claimant's statement. The original policy and a certified copy of the death certificate will also be needed.

I wish to pay using a pre-funded insurance policy or trust account through Linnemann Funeral Homes.

By signing below, I represent to Linnemann Funeral Homes that the payment option I have checked will be the way I pay for the funeral expenses.

SOCIAL SECURITY

Once our funeral home has received all biographical information for the deceased, we notify Social Security via Form SSA-721.

Local Office: 7 Youell Street, Florence, KY 41042, phone 1-866-504-4224

Survivors Benefits:

- Children may qualify for dependents or survivors benefits if they are:
 Under age 18 or 18-19 years old and full-time high school students, or 18 or older and disabled.
 The disability must have started before age 22.
- Husbands and Wives may qualify for dependents benefits if they are:
 62 or older, or Any age and caring for the worker's child(ren) who are under age 17 or disabled, or 62 years or older and divorced from the worker, if the marriage had lasted 10 or more years.
- Widows and Widowers may be eligible for benefits if they are:
 60 or older, or Any age and caring for the worker's children who are under age 16 or disabled, or 60 or older, disabled, and divorced (and meet the 10-years of marriage requirement or widowed.)
- Parents aged 62 or older, who were being supported by the worker, may be eligible for dependents benefits. Benefits paid to a former spouse do not reduce the amount payable to the family. However, marriage and divorce may affect a person's eligibility for family benefits.

You can get an estimate of your Social Security benefits and those of your family by calling Social Security's toll free number 1-800-772-1213 and asking for a form SSA-7004. The estimates will include the benefits you can expect at retirement or if you become disabled and unable to work. It also shows what your family can expect if you retire, become disabled or die.

Social Security Benefits are paid for the prior month. The recipient must have lived for the entire month to be eligible for this benefit. Social Security advises that upon receipt of a check, in a case where recipient has not lived every day of the month, that the deceased's name be written on the envelope along with the Date of Death and that the check be returned to the Post Office.

In all cases, the next of kin is advised to contact the Social Security Administration at 1-800-772-1213, business days between 7:00 a.m. and 7:00 p.m. Where there is a surviving spouse, inquire about the Social Security Lump Sum death benefit of \$255.00.

DEATH CERTIFICATES

Linnemann Funeral Home will electronically submit the death certificate to the physician or Coroner in charge. The physician has 5 days from the time he/she receives the certificate to fill in the section relating to the cause of death and the coroner's office can take longer due to obtaining medical records/reports. The physician or coroner will then electronically sign and submit the death certificate to the Office of Vital Statistics in Frankfort, Kentucky. The Office of Vital Statistics will approve the death certificate and process the order for the number of death certificates requested and mail them to Linnemann Funeral Home. The cost for certified copies is \$6.00 each in Kentucky with a one-time processing fee of \$2.00. Ohio Certified copies vary according to the county of death. The average time of processing the death certificates from the date the information is entered into the KY-EDRS electronic system to receipt of the certified copies is three to four weeks, although it has been known to take up to four or more weeks due to circumstances.

Veteran Information

Honorably discharged veterans are entitled to the following benefits, which are customarily supplied by the Veterans Administration.

- Funeral Honors: The Department of Defense (DOD) is responsible for providing military funeral honors. Upon the f. family's request, Public Law 106-65 requires that every eligible veteran receive a military funeral honors ceremony, to include folding and presenting the United States burial flag and the playing of Taps. The law defines a military funeral honors detail as consisting of two or more uniformed military persons, with at least one being a member of the veteran's parent service of the armed forces. The DOD program calls for funeral home directors to request military funeral honors on behalf of the veteran's family. Veteran's organizations may assist in providing military funeral honors. When military funeral honors at a veteran's cemetery are desired, they are arranged prior to the committal service by the funeral home.
- Burial Flag: The Veterans Benefits Administration (VBA) provides a U.S. flag at no cost,
 to drape the casket or accompany the urn of deceased veteran who served honorably in the U.S.
 armed forces. It is furnished to honor the memory of a veteran's military service to his or her country.
 You may get a flag at any VA regional office or U.S. Post Office. Generally, the funeral director will help you.
- **Headstones or Markers:** The Department of Veterans Affairs (VA) furnishes upon request, at no charge to the applicant, a government headstone or marker for the grave of any deceased eligible veteran in any cemetery around the world. Spouses and departments buried in a private cemetery are not eligible for a government-provided headstone or marker.
- Interment in National Cemeteries: The V.A. operates the National Cemetery system. The interment of a deceased veteran of wartime or peacetime service whose service terminated other than dishonorably, or the spouse, surviving spouse or minor children of an eligible veteran, will be authorized in any cemetery in which space is available. There is no charge for the grave in a national cemetery. Cemetery employees will open and close the grave and provide a vault (if necessary). A headstone or marker with an appropriate inscription for each deceased buried in a grave will be provided by the U.S. government.
- Reimbursement of Burial Expenses: The V.A. will pay a \$300 burial and funeral expense allowance for deceased veterans who were, at the time of death, entitled to receive pension or compensation or would have been entitled to receive compensation for the receipt of military retired pay. Eligibility is also established when death occurs in a Veterans Administration facility or in a contract nursing home to which the deceased was properly admitted. In addition, the V.A. will pay \$150 plot or interment allowance if the requirements for the burial allowance are met. The plot allowance is not payable if the veteran is buried in a national cemetery. For veterans who die of a service-connected disability, the V.A. will pay a burial allowance up to \$1,100.00 in lieu of other burial benefits.
- **Presidential Memorial Certificates:** A Presidential Memorial Certificate (PMC) is an engraved paper certificate signed by the current President to honor the memory of honorably discharged deceased veterans. Eligible recipients include the deceased veteran's next of kin and loved ones. More than one certificate may be provided. Eligible recipients may apply for a PMC in person at any VA regional office or by U.S. mail. Requests cannot be sent via email. Please be sure to enclose a copy of the veteran's discharge and death certificate. Please submit copies only, as we cannot return original documents. For more information, call (202) 565-4964.

For more information concerning these or any Veteran or Dependent Benefits: Call toll-free 1-844-698-2311 or Visit www.va.gov

AFTERCARE DEPARTMENT

The Aftercare Department is dedicated to continuing our commitment of caring and offering support for our families after funeral service. We provide grief support information for family members and programs for adults and children.

We offer different programs throughout the year to help with the loss of your loved one. For instance, we offer a 6-week grief support series in the fall and spring for those who have lost a spouse. We also honor your loved one at our annual "Holiday Hope Luncheon" with a special ceremony while offering grief support and tools for experiencing the holidays and special occasions without a loved one.

Another Linnemann tradition is to decorate our "Trees of Remembrance" at our Burlington and Erlanger locations, displaying the name of your loved one during the holiday season.

We are here to support you. If any concern or problem arises after the funeral, please feel free to contact us at 859-727-1250

Nonda Strasburger *Aftercare Coordinator*

Do you experience intense sorrow or pain regarding the loss of your loved one? Do you have trouble focusing on anything else but your loved one's death? Do you focus extremely on reminders of your loved one or excessively avoid reminders of your loved one? Are you intensely longing for your loved one? Do you have difficulty accepting the death, or feel numb or bitter about the loss? Do you feel that life is meaningless? These symptoms are normal responses to the death of a loved one. However, after some time these symptoms typically begin to fade. If these symptoms linger or get worse, or you are having difficulty functioning, you may have a condition called Prolonged Grief Disorder. It may be time to get professional help.

Other signs indicating professional help may be necessary:

- Withdrawing from normal activities.
- Wishing you had died with your loved one.
- Difficulty carrying out normal routines
- Significant guilt or self-blame
- Depression
